

## Accident Insurance

### Accidents can happen to anyone

No matter who you are, what you do or where you live, you could get hurt accidentally. It's just the nature of life.

And accidents can come with costs, such as emergency room fees, doctor's bills, and the costs of missing work. Even if you have good health insurance, deductibles and co-pays can really add up after an accident. Would you have savings available to pay these costs?

But with accident insurance, you can receive money paid directly to you to help with all the expenses of a covered accident. So you can focus on what really matters: healing.

Every 10 minutes, nearly  
750 Americans suffer an injury severe  
enough to seek medical help.

# With accident insurance you can be ready for the unexpected costs an injury can bring

Active families with children in sports are especially vulnerable to the rising costs of medical treatment for injuries.

But everyone, young or old, could suffer an accident at any time.

The three examples shown to the right are for illustrative purposes only. Benefits may vary. The certificate and policy have exclusions and limitations. For complete details, see your Colonial Life benefits counselor.

## Accident coverage advantages

Whoever you are, whatever you do, an accident could be just around the corner. With accident insurance, you can be ready.

- A set amount is payable based on the injury you suffer and the treatment you receive.
- Benefits are payable directly to you (unless you specify otherwise) and can be used as you see fit.
- Coverage is available for you, your spouse and eligible dependent children.
- You do not need to answer medical questions or have a physical exam to get basic coverage.
- Accident insurance covers injuries that happen on-the-job or off-the-job, unlike workers' compensation, which only covers on-the-job injuries.
- Benefit payments are not reduced by any other insurance you may have with other companies.
